

LCU-64	64-pad digital launch controller - The brains of the WFX system, for up to 8 banks of 8 pads each reads good/bad continuity of each pad, reads voltage from the battery at the pad as well as the controller's battery's voltage. May only select one bank of pads at a time. All features work hard-wired or wireless.	\$250
LCU-128	Same as the LCU-64 except controls 16 banks of 8 pads each for a total of 128 pads.	\$300
LCU-64X	Custom 64 pad controller with RGB LED status lights on all pads and banks, on Key switch, built in wireless unit, LCD screen with remote voltage readings from banks of pads, volume control on the buzzer, all in a custom Pelican Case with aluminum anodized insert switch/light plate.	\$1200
LCU-128X	Same as the LCU-64X except with 16 banks of pads rather than just 8 banks of pads.	\$1400
PBU-8	an 8-pad pad-box with 8x, 30' igniter leads. This is The large muscle of the WFX system. Reads good/bad continuity at the pad, as well as voltage of battery at the pads. Continuity check is safe for ALL known commercial igniters including flashbulbs.	\$500
PBU-8w	Exactly the same as the PBU-8 with one exception, there is a built in Wilson F/X wireless unit	\$650
PBU-4	a 4-pad pad-box with 4 igniter leads with all the same features of the PBU-8 in a smaller size and for a smaller price.	\$275
PBU-4w	Exactly the same as the PBU-4 with one exception, there is a built in Wilson F/X wireless unit	\$425
PBU-1	a single pad pad-box with one igniter. A single pad version with the same features as the PBU-8 only for just one pad	\$130

PBU-1w	a single pad pad-box with built in wireless unit, includes voltage reading and remote voltage reporting	\$280
WRU-c	a plug/play digital wireless unit (tx & rx) with WFX Programming. You need at least one pair to start.	\$160 each
LCU-1	A single pad controller for the individual with remote voltage reading from your PBU-1	\$130
LCU-1w	A single pad controller with all the same features as the LCU-1 with the addition of a built in wireless unit.	\$280
ARM-1	The Armageddon Switch for clubs that want to do MASS Drag Races of all their WFX pad-boxes All at the same time. Not for the faith of heart. Bypasses normal single bank only selection.	\$125
WRU-Adpt	The special power adapter for a WFX controller and its WRU-c transmitter for those who want an all-wireless Wilson F/X launch system.	\$ 25
SPW-Pel	This is the Single Pad Wireless launch system in Pelican Cases. It has all the features of the LCU-1w and the PBU-1w with the addition of being housed in Pelican Cases and includes WFX custom aluminum front panels by Front Panel Express.	\$795

While Supplies Last.....

PBU-1 or LCU-1	I have a limited number of non-voltage reading/reporting single-pad pad-boxes and single-pad controllers in stock. These are for sale on a first come first served basis and will only be available while the current supply lasts. I am phasing them out because of the new PBU-1 and LCU-1 which are now available with voltage reading/reporting capability.	\$100 each
